FIGURE B

- High quality therapeutic foam mattress provides pressure redistribution and shear/friction reduction
- Drive's premium therapeutic Gravity foam mattress maximizes value and comfort with multiple layers of latex free foam
- Full top layer of open cell, visco-elastic memory foam improves immersion and pressure redistribution
- Bottom layer provides full length horizontally scored articulation cuts extending the durability and life of the mattress
- High density foam perimeters provide solid edge support and facilitate safe patient transfers
- Available with or without raised side rails
- Heel section is sloped with channel cut foam center offloading pressure from vulnerable heels
- Removable multi-stretch cover is fluid resistant, low shear and vapor permeable helping protect the skin from friction and moisture
- Meets flammability standard CFR 1632 and CFR 1633
