Expert care for aging skin

TENA ProSkin® 3-Step Skin Health Solution can help reduce the risk of skin issues

As skin ages, it becomes thinner, more fragile and can take longer to heal.

Over the years we've learned that the three most important principles of helping to maintain skin health for those living with incontinence are: Keep it dry, Keep it clean, and Keep it protected.

The **TENA ProSkin® 3-Step Skin Health** Solution of absorbent and skincare products are specifically designed to help care for fragile elderly skin for those suffering from incontinence.

PROskin®

TENA ProSkin® 3-Step Skin Health Solution helps maintain skin health:

Step 1 – Keep it Dry

Step 2 – Keep it Clean

Step 3 – Keep it Protected

Triple Protection for dryness, softness and leakage security.

Designed for protection at night or while lying down.

Tear-away sides for fast, easy removal.

Extended-Wear Protection provides maximum absorbency for extended and overnight protection.

Patented Body-Close Fit™ Technology uses more elastic threads throughout the pant for greater discretion and worry free security.

Endorsed by a leading 3rd party skin health organization with the purpose of promoting healthy skin.

Our **TENA Protects Program** helps to improve people's lives with quality products while being mindful of our impact on the planet.

Curve-shaped design helps ensure a body-close fit

ConfioAir® 100 % Breathable Perméable à l'air Transpirable

ConfioAir® Fully Breathable Technology – keeps skin comfortable and dry with 100% breathable sides and core to help promote better skin health.

Fully breathable stretch side panels help promote skin health and comfort.

Easy-to-use wide hook fasteners along the length of the side panel deliver individualized fit and unlimited, secure fastening.

InstaDri Skin-Caring System® with blue target absorption zone quickly wicks away moisture from the skin.

Odor Control Technology locks away liquid to help reduce odor.

Triple Protection, Targeted Absorption Zone, Ergonic Fit and ConfioAir® Fully Breathable Technology add up to Total Security.

Patented DuoLock® Core Technology has a two core system with absorption capacity where it matters most, wicks away and locks in moisture to help prevent leaks.

Two-tab fastening system makes product application more comfortable for individuals while providing a proper fit to help ensure leakage protection.

TENA® BRIEFS & UNDERWEAR SIZING GUIDE

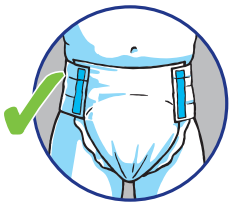

To determine the accurate size, measure the waist or hips (whichever is larger) and follow the appropriate chart below.

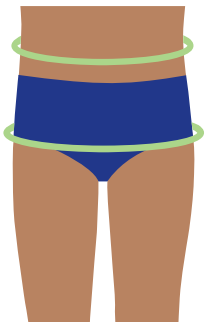

You will generally find that women have larger hips while men have larger waists.

Product is too big if Hooks/tabs meet or overlap on the front side panel.

Product fits just right if Hooks/tabs comfortably attach to front side panel.

*versus comparable non-flushable wipes

**It is recommended that all disposable washcloths are thrown away in the garbage. If disposing into a system connected to municipal sewer, only one wipe should be flushed at a time. Flushable in properly maintained, code-approved toilets and sewers. Not approved for septic use. Not all systems can accept flushable wipes. Do not flush if: RV or marine system; grease or fat disposal share drain pipe; any history of slow flow or clogs; system includes macerator toilet or household pump; advised by system operator; or unsure of system capability. If problems develop, stop use immediately. Failure to follow instructions may result in clogs and/or property damage.
