Generic Long Description

Tranquility® SlimLine® – the brief style you love in a slimmer profile.
Conforming to your body more closely than typical disposable garments, these briefs are available in a full range of sizes for the perfect fit, and in two types of materials, each with unique benefits. The Youth, X-Small and Small sizes have a clothlike material that is soft and rustle-free when you move. The Medium, Large and X-Large sizes have a familiar plastic outer material. Both materials offer a moisture-proof barrier, giving you confidence that fluid cannot leak through. SlimLine Briefs can be opened and re-closed to allow quick checks throughout the day, and also give you a sense of security with soft elastics around your legs to stop leaks. Besides fitting and feeling great, they offer superior protection. Their comfortable, uniquely designed Kufguards® leg cuffs keep you leak-free by guiding urine and fecal loss into the premium superabsorbent core, which extends over your hips for added front and back security. The core holds and locks in up to 24 oz of urine (for reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate). Fluid in the core will not be squeezed out when you walk, stand up or move around as part of your active lifestyle. A wetness indicator makes it easy and convenient to know when a change is needed, to protect your skin. SlimLine Briefs offer the ideal combination of protection, security and discretion that keeps you moving. Not made with natural rubber latex.

Generic Long Description - Bulleted version

Tranquility® SlimLine® – the brief style you love in a slimmer profile.
